## THE ODYSSEY OF A VICE CHANCELLOR (PAPERBACK)

Xlibris Corporation, United States, 2004. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The Odyssey of a Vice Chancellor is about the physical and academic journey of Professor Alven Makapela back to South Africa after forty years of domicile and intellectual growth in the United States. The theme of the book centers on the politics of conflict and the culture of parasitism at the Eastern Cape Technikon where he was its first vice chancellor (president). Having left South Africa when African institutions like Fort Hare, despite apartheid, had nurtured and produced Nelson Mandela, Robert Sobukwe, Oliver Thambo, and many others, the new vice chancellor assumed his responsibilities with great optimism and expectations. The theory is based on false assumptions, for if the theory and its assumptions were correct, the Transkei would not be underdeveloped. After all, it has some modern technology in its urban centers and has a technikon and a university which are well-equipped with modern technology...
