

When Music Goes to School: Perspectives on Learning and Teaching

By Danette Littleton

Rowman & Littlefield. Paperback. Book Condition: new. BRAND NEW, When Music Goes to School: Perspectives on Learning and Teaching, Danette Littleton, Experts in child psychology and pedagogy concur that how children are schooled today seriously conflicts with how they learn and develop. Children are being left behind and the promises and possibilities of childhood are slipping away. This book aims to disclose a deeper understanding of music's importance in children's lives and their need to know, explore, wonder, and play. Directed toward music teachers, teacher educators, and scholars, this text invites inquiries and provides insights into contemporary challenges to learning and teaching in an era of standardization. A compendium of essays, classroom voices and vignettes is supported by relevant research in music education and companion disciplines in psychology, philosophy, and sociology. Storytelling with scholarship contributes authenticity and strengthens the premise of this book.

Reviews

Comprehensive manual! Its this sort of excellent read through. We have read through and i also am certain that i will going to read through once more again later on. You wont sense monotony at at any time of your time (that's what catalogs are for regarding in the event you question me).

-- **Prof. Geraldine Monahan**

Basically no words to describe. We have read through and i also am sure that i am going to going to read once more once again later on. You may like just how the article writer compose this publication.
