GEOCHEMISTRY OF MARINE HUMIC COMPOUNDS

Book Condition: New. Publisher/Verlag: Springer, Berlin | Some 90 years ago, the first information on the occurrence of dissolved organic matter in sea water was published. For 50 years after that revelation, little progress was made in identifying these dissolved "yellow substances." In the 1950s and 1960s, a few chemical oceanographers identified some specific dissolved organic compounds, but few of these pioneers fully appreciated their significance in terms of biological interactions, metal chelation, or interactions with sedimentary material....
